Labor Law Update

The 2009 Labor Law Update at the Modoc Employment Center on January 16, 2009 was packed with a full house. Twenty-eight employers through Modoc County attended the popular annual workshop, where Alliance For Workforce Development, Inc., Executive Director Traci Holt, PHR filled them in on the latest changes to state and federal employment law. Among the laws she covered include legislation addressing the mandatory poster changes for 2009, cell phone and text messaging usage while driving, I-9 form changes, meal and rest period compliance, and Cal/OSHA reporting. Traci also provided information on required postings and notices, and the top mistakes employers make that get them into trouble.

Success Story

Teia Harris

Teia Harris moved to Alturas from Susanville. When Teia came into the Modoc Employment Center she was looking for employment. We referred Teia to a position at Subway and she has been employed there since October 31, 2009. After talking with Teia she had a goal of obtaining her GED and wanted to enroll in Post Secondary Training. Teia used the Adult Basic Learning Examination (ABLE) to see where she was academically. Her test scores were extremely high so she took the GED study guide home and studied for a few weeks before the GED testing. Teia completed the GED testing on December 22, 2008. Her test results came within a few weeks and her score was in the 90% category.

WAY TO GO TEIA!!!!!
