Youth Update

Currently Modoc Business & Career Network has two youth clients who are involved in work experiences. Cody Treat is working at Four Seasons Supply. He has been learning new skills, enjoying the work, and his supervisors are extremely happy with him. They talk very highly of him and enjoy his great work ethic. He successfully completed all workshops, continues to meet his goals, and is staying involved with the youth program.

Evan Alcouffe is working at Antonio's. He has been learning quickly and doing well. Evan has been a participant in the youth program since February 2012, has completed all workshops, attained his high school diploma, and continues to make progress in the program.

Modoc Medical Center C.N.A Program

Business & Career Network has been partnering with Modoc Medical Center to provide funding for the Certified Nurse Assistant Training. On July 11th, 2012 all six C.N.A. students graduated from the training. A graduation ceremony was held at Warnerview Convalescent Hospital for the graduates and families. Instructor Dee Wiggins stated that this has been the best class of students she has ever had. The students will now take their state testing on October 9th to become licensed. They will remain employed at Warnerview Convalescent Hospital. Congratulations to all of these students!

New Business

Wild Flour Bakery & Restaurant

Tammy Rhoades and her daughter have opened a new bakery/restaurant in Alturas. They make freshly baked goods from scratch every day. Cookies, cupcakes, cream puff, duffins (their specialty), breads, and many other items. They will be serving lunch on occasion of salads, soups, and sandwiches.

They are located at 409 South Main Street.

You can also reach them by phone at 530-233-7600.

Stop by and see them you won't regret it!

TRAINING FOR BUSINESS SERVICE TEAM MEMBERS

Applied Economics:—

Custom Economic & Revenue Impact Software

Business Service team members from several NoRTEC counties met in Anderson, Shasta County on Thursday August 16th for an enlightening training session from Sarah Murley, a partner with economics software company, Applied Economics.

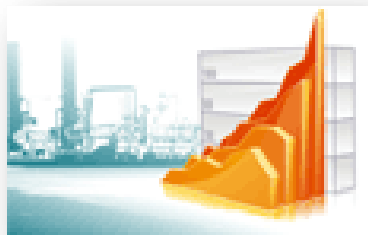

Sarah is an economist with 20 years of experience in urban and regional economic analysis, particularly in economic development and public finance. She is an experienced economic modeler, researcher, and analyst.

Sarah Murley of
Applied Economics

Applied Economics conducts studies and develops models to measure the economic effects of a wide variety of activities. Sarah's seminar focused on NoRTEC's Regional Project Assessment System, a customized economic & revenue impact software package developed specifically for the needs of the

eleven county region covered by NoRTEC.

This Regional Project Assessment System can be used to measure the impact on training programs or a new business establishing in the area. Its Tourism and Hospitality assessment tool can also gauge the impact of a particular event or tourist attraction and its effect on the economy of the county. This software will be a useful tool added to Business & Career Networks Business Resource Centers.

Client Success Story

Submitted by: Jackie Froeming

Peter Osterhaus

Modoc BCN would like to congratulate Peter Osterhaus on his new job. He originally came into the Modoc office in May 2012 interested in the job search program. He met with the CCA, came up with a job search plan, was referred to several local jobs and job websites. He followed through with his job search and was offered a position at the Adin Post Office which he accepted and began on September 22.

Congratulations on a job well done!!!!
